Course Overview

This section gives you an introduction to what you will be learning in this course, plus course outcomes, career opportunities, and student support.

Introduction

The Victorian Pathways Certificate (VPC) provides an engaging curriculum and excellent support for students to develop the skills, capabilities and qualities for success in personal and civic life.

The VPC is an accredited foundation secondary qualification and although the VPC is not a senior secondary qualification, it can be a pathway to the VCE.

The VPC is designed to develop and extend pathways for students while providing flexibility for different cohorts. The VPC is suitable for students whose previous schooling experience may have been disrupted for a variety of reasons, including students with additional needs, students who have missed significant periods of learning and vulnerable students at risk of disengaging from their education. Students will gain the skills, knowledge, values and capabilities to make informed choices about pathways into a senior secondary qualification, entry-level vocational education and training (VET) course or employment.

The curriculum accommodates student aspirations and future employment goals. VPC learning programs connect students to industry experiences and active participation in the community. Students will have the opportunity to satisfactorily complete 8 out of 12 units over the course of 12 months. Through partial completion of the VPC students will gain the necessary foundation skills to allow them to make the transition to employment, the VCE Vocational Major or other courses.

Pathways

Possible future pathways for VPC students include:

- completion of VCE or VCE Vocational Major
- apprenticeships and traineeships
- VET courses
- employment.

This course involves accredited units. You will be required to complete assessment tasks to demonstrate your underpinning knowledge, skills and attributes to meet the course outcomes. A combination of written, oral and practical assessment strategies will be used in either a classroom, online or workplace environment.

Where units require demonstration of skills in a workplace environment, you will have the opportunity to do this either in your own workplace (where appropriate), through a practical placement, or by using one of the Institute's simulated workshops/classrooms. Detailed information about the types, conduct and dates of assessments will be provided in advance. You will also be provided with information about the opportunity for reassessment and appeal.

Attendance

Class attendance and participation is a critical element of learning and gaining the knowledge and skills required to be assessed as competent.

Attendance of scheduled classes is expected to be 100%. If you do not attend at least 80% of the scheduled classes for a unit of competency, you may be ineligible for completion of the unit and your enrolment in the course may be reviewed.

In the event that classes are missed due to illness or other personal reasons, you are expected to inform the teacher of your absence prior to the commencement of the scheduled class. For extended or frequent non-attendance, you may be requested to provide a medical certificate or other supporting evidence.
